

SECURING A FUTURE FOR FISH AND WILDLIFE

A Conservation Legacy for Iowans

THE IOWA WILDLIFE ACTION PLAN

**Author:
James J. Zohrer
E Resources Group**

**Edited by:
Dr. Terry W. Little
Iowa DNR
Wildlife Research Supervisor**

**Douglas C. Harr
Iowa DNR
Wildlife Diversity Program Coordinator**

**Jeffrey R. Vonk, Director
Iowa Department of Natural Resources**

September 2005

Revised May 2006

Securing a Future for Fish and Wildlife - *A Conservation Legacy for Iowans*

Chapter One: Introduction, Purpose and Planning	1
Introduction	1
Purpose	3
The Planning Process	4

THE STATUS OF IOWA'S FISH AND WILDLIFE IN 2005

Chapter Two: The State of Iowa's Natural Communities	11
Physiography	11
Historic Plant Communities	15
Historic Wildlife Communities	18
Impacts of Settlement	20
Change Continues in the 20 th Century	24
Wildlife Conservation	30
Iowa's Natural Communities Today	32

Chapter Three: Species of Greatest Conservation Need	34
Wildlife Species considered by the IWAP	34
Determining the Species of Greatest conservation Need	34
SGCN in Each Taxonomic Class	52
Chapter Four: Habitats of SGCN	53
Terrestrial Habitat Classes	53
Aquatic Habitat Classes	66
Habitat Preferences of SGCN	70
Priorities for Habitat Protection	72
Chapter Five: Stresses on Iowa's Wildlife and Its Habitats	74
Direct Stresses on Wildlife	74
Stresses on Wildlife Habitats	75
Stress Analysis	79
Stresses on Terrestrial Wildlife and Habitats	80
Stresses on Aquatic Wildlife and Habitats	93
<i>The Status of Iowa's Fish and Wildlife in 2005 - Summary and Conclusion</i>	99

THE IOWA WILDLIFE ACTION PLAN

Chapter Six: A Vision For Iowa In The Year 2030	102
A Vision for Iowa's Wildlife	104
A Vision for Wildlife Habitats	105
A Vision for Wildlife Management	107
A Vision for Wildlife-Associated Recreation	109
A Vision for Wildlife Education	110
A Vision to Fund Wildlife Conservation	112
Chapter Seven: Research, Surveys and Monitoring	113
General Discussion	113
New Survey Needs	115
Long Term Monitoring	115
Objective 1: Current Inventory of Wildlife in Iowa	119
Objective 2: Monitoring Species and Their Habitats	121
Objective 3: Strengthening Vertebrate GAP Models	124
Objective 4: Impact Assessment	124

Chapter Seven: (Continued)

Objective 5: Evaluation of Management Protocols and Restoration Programs	125
Research Priorities	126
Adapting Conservation Actions in Response to New Information or Changing Conditions	126
Research and Monitoring costs	127

Chapter Eight: Priorities for Conservation Actions

General Discussion	139
Priorities for Vision Elements	143
Wildlife Vision	143
Habitat Vision	148
Management Vision	174
Recreation vision	174
Education Vision	176
Funding vision	177

Chapter Nine: Plan Coordination, Implementation and Review

and Review	178
Plan Coordination	178
Plan Implementation	178
Interagency Cooperation	180
ICWAP Review	182

Chapter Ten - The Cost of Sustaining Iowa's Biodiversity 183

Appendices 1 - 21 185

List of Tables

Chapter One: Introduction, Purpose and Planning

Table 1-1. IWAP Steering Committee	5
Table 1-2. IWAP Steering Committee Working Groups	6
Table 1-3. Iowa Steering Committee Meetings	7

Chapter Three: Species of Greatest Conservation Need

Table 3-1. Number of species considered by the IWAP	34
Table 3-2. Breeding birds of greatest conservation need	38
Table 3-3. Migratory birds of greatest conservation need	40
Table 3-4. Mammals of greatest conservation need	41
Table 3-5. Reptiles and amphibians of greatest conservation need	42
Table 3-6. Land snails of greatest conservation need	43
Table 3-7. Butterflies of greatest conservation need	44
Table 3-8. Fish of greatest conservation need	47
Table 3-9. Mussels of greatest conservation need	49
Table 3-10. Dragonflies and damselflies of greatest conservation need	51
Table 3-11. Percent of Iowa species in each taxonomic class listed as a SGCN	52

Chapter Four: Habitats of SGCN

Table 4-1. Description of Terrestrial Habitat Classes Used in the IWAP	53
Table 4-2. GIS Land Cover Types From 2002 Satellite Imagery	54
Table 4-3. The Amount of Iowa's Wildlife Habitat Found in Each Landform	55
Table 4-4. Landcover Within Each Landform	55
Table 4-4. Aquatic Habitat Classes Used in the IWAP	66
Table 4-5. Lake types by landform	69
Table 4-6. Summary of Habitat Preferences of SGCN by Habitat Class	71

Chapter Five: Stresses on Iowa's Wildlife and Its Habitats

Table 5-1. Definitions of Stress Levels	79
Table 5-2. Terrestrial stresses affecting Iowa's wildlife and its habitats	81
Table 5-3. Aquatic stresses affecting Iowa's wildlife and its habitats	82
Table 5-4. Stresses on Terrestrial Habitats (averaged over all taxonomic groups and all landforms)	83
Table 5-5. Stresses on Terrestrial Wildlife (averaged over all habitat classes)	86
Table 5-6. Statewide Stresses on Birds	87
Table 5-7. Statewide Stresses on Mammals	88

Table 5-8. Statewide Stresses on Reptiles and Amphibians	89
Table 5-9. Stresses on Land Snails (found only in Paleozoic Plateau)	90
Table 5-10. Statewide Stresses on Butterflies	91
Table 5-11. Statewide Stresses on Fish and Mussels	94
Table 5-12. Statewide Stresses on Dragonflies and Damselflies	98

Chapter Seven: Research, Surveys and Monitoring

Table 7-1. Summary of Wildlife Monitoring, Surveys and Inventories Conducted in Iowa: 1960-2005	114
Table 7-2. Short Term Survey Needs for SGCN	118
Table 7-3. Land Management Research Needs	128
Table 7-4. Species-Specific Research Needs	129
Table 7-5. Area-Specific Research Needs	131
Table 7-6. Estimated research and monitoring costs	132

Chapter Eight: Priorities for Conservation Actions

Table 8-1. Priority Habitat Classes by Landform	173
---	-----

Chapter Ten - The Cost of Sustaining Iowa's Biodiversity

Table 10-1. Cost to Double the Amount of Permanently Protected Conservation Land in Iowa by 2030	184
---	-----

List of Figures

Chapter One: Introduction, Purpose and Planning

Figure 1-1. Sales of Iowa Hunting Licenses	2
--	---

Chapter Two: The State Of Iowa's Natural Communities

Figure 2-1. Changes In Cropping Patterns and Representative Grassland Wildlife	26
Figure 2-2. Statewide Pheasant Trends	27
Figure 2-3. Trends in Bobwhite Quail and Harvest	29

Chapter Seven: Research, Survey, Inventory and Monitoring

Figure 7-1. Diagram of Permanent Sampling Location	120
Figure 7-2. Decision Making Process Concerning SGCN	123
Figure 7-3. Process of Evaluation on Monitoring, Actions, and Research for IWAP	127
Figure 7-4. Examples of Iowa Habitats and SGCN – Warm Season Herbaceous Vegetation	133
Figure 7-5. Examples of Iowa Habitats and SGCN – Forest	135
Figure 7-6. Examples of Iowa Habitats and SGCN – River	137

List of Maps

Chapter Two: The State of Iowa's Natural Communities

Map 2-1. Landform Regions of Iowa	12
Map 2-2. Landcover of Iowa in the 1850's	16
Map 2-3. Publicly-owned Conservation Lands in Iowa	31
Map 2-4. Landcover of Iowa in 2002	33

Chapter Four: Habitats of SGCN

Map 4-1. Forest Land Cover	57
Map 4-2. Wet Forest/Woodland Land Cover	58
Map 4-3. Woodland Land Cover	59
Map 4-4. Shrubland Land Cover	60
Map 4-5. Wet Shrubland Land Cover	61
Map 4-6. Herbaceous Wetland Land Cover	62
Map 4-7. Warm Season Herbaceous Land Cover	63
Map 4-8. Savanna Land Cover	64
Map 4-9. Agricultural Land Cover.	65
Map 4-10. Major Lakes and River Systems of Iowa	68

Chapter Five: Stresses on Iowa's Wildlife and Its Habitats

Map 5-1. Predominant Land Use by Watershed	95
Map 5-2. Iowa's Impaired Waters	96

Chapter Eight: Priorities for Conservation Actions

Map 8-1. Restorable Wetland Soils in the Prairie Pothole Region of Iowa	142
Map 8-2. All Terrestrial Vertebrate Species Richness	144
Map 8-3. Bird Species Richness	144
Map 8-4. Mammal Species Richness	145
Map 8-5. Reptile Species Richness	145
Map 8-6. Amphibian Species Richness	146
Map 8-7. Aquatic Species Richness	146
Map 8-8. Existing Protected Land Complexes of 2,000 Acres or larger	149
Map 8-9. Prairie Pothole Joint Venture Priority Wetland Complexes	151
Map 8-10. Landowner Incentive Program Site Priorities	152
Map 8-11. The Nature Conservancy's Priority Conservation Areas	153
Map 8-12. Existing and Proposed Bird Conservation Areas	154
Map 8-13. Amphibian and Reptile Conservation Area	155
Map 8-14. Iowa Audubon's Important Bird Areas	156
Map 8-15. Topeka Shiner Critical Habitat	157
Map 8-16. Ducks Unlimited Living Lakes Initiative Emphasis Areas	158

Map 8-17. Past WRP Special Project Areas	159
Map 8-18. Watersheds with Coldwater Streams	160
Map 8-19. Priority Shallow Lake Watersheds	161
Map 8-20. Iowa Natural Heritage Foundation Priorities	162
Map 8-21. Watersheds which Contain Significant Publicly Owned Lakes	163
Map 8-22. Wildlife Bureau Field Staff Priorities for Habitat Conservation	164
Map 8-23. Savanna Restoration Potential	165
Map 8-24. Forest Stewardship Potential on Private Lands	166
Map 8-25. Prairie Chicken Predicted Habitat	167
Map 8-26. NRCS Wetland Easements	168
Map 8-27. U.S. Army Corps of Engineers Mitigation Areas	169
Map 8-28. Mapped Prairies	170
Map 8-29. Existing Conservation and Recreation Lands	171
Map 8-30. High Opportunity Areas for Cooperative Conservation Actions	172
Map 8-31. Distribution of Iowa's Human Population	175
Map 8-32. Distribution of Existing Public Lands	176

List of Appendices

Appendix 1. The IWAP - A Plan To Plan	186
Appendix 2. State Advisory Group Meeting Summary	192
Appendix 3. List of Iowa Breeding Birds Considered by the IWAP	210
Appendix 4. List of Migratory Birds Considered by the IWAP	217
Appendix 5. List of Iowa Mammals Considered by the IWAP	222
Appendix 6. List of Iowa Fish Considered by the IWAP	225
Appendix 7. List of Iowa Amphibians and Reptiles Considered by the IWAP	230
Appendix 8. List of Iowa Mussels Considered by the IWAP	233
Appendix 9. List of Iowa Butterflies Considered by the IWAP	235
Appendix 10. List of Iowa Dragonflies and Damselflies Considered by the IWAP	240
Appendix 11. NatureServe National and Subnational (State) Heritage Status Rank Definitions	243
Appendix 12. Iowa Animal Endangered, Threatened, or Species of Special Concern	245
Appendix 13. Terrestrial Habitat Classes Used in the IWAP	249
Appendix 14. Habitat Preferences for Species Covered by the IWAP	254
Appendix 15. SGCN Grouped By Habitat Class	272
Appendix 16. Regional Stress Analysis Tables Terrestrial Habitats	293
Appendix 17. Aquatic Habitat Stresses By Region	318
Appendix 18. Iowa Lakes and Rivers By Region	328
Appendix 19. Existing Large Habitat Complexes in Public Ownership by Region	337
Appendix 20. References Cited and Used in Document Preparation	346
Appendix 21. Monitoring and Surveys Conducted on Iowa's Wildlife: 1960-2004	354
